### **MARCH 2013 QUARTERLY ACTIVITIES AND CASHFLOW REPORT**

Beacon Minerals Limited (ASX:BCN) (“Beacon” or “Company”) presents its Quarterly Activities Report for the period ended 31 March 2013.

#### **HALLEYS EAST**

##### **Mining Proposal**

The Company announced on 21 December 2012 that it had lodged a revised Mining Proposal with the Department of Minerals and Petroleum (“DMP”). This proposal includes the Mine Closure Plan and addresses the issues of heritage, native title, geotechnical design and mine water management.

The board is pleased to advise that there have been only minor questions that have arisen as a result of the submission to the Department of Minerals and Petroleum in respect of the Mining Proposal and Mine Closure Plan. During the quarter the Company has addressed the matters raised by the DMP with a view to finalising the mine approval process as soon as possible.

As a result of the progress of the Mine Plan and Mine Closure Plan with the DMP, on 27 March 2013 Beacon lodged with the DMP the Project Management Plan.

Managing Director Graham McGarry said “We are pleased with the progress of the mining proposal and mine closure plan with the Department of Minerals and Petroleum and are confident that the mine approvals process will be completed by the end of the Q2 2013. The Company has undertaken a thorough review of all of the available data which has enabled us to progress through the approvals process quickly and efficiently.”

##### **Ore Processing**

Discussions continue to advance with a number of parties who have provided indicative proposals for processing of the ore from Halleys East. Ore processing negotiations are expected to be completed in conjunction with the mine approvals process in Q2 2013.

#### **OTHER OPPORTUNITIES**

Several advanced mining projects have been submitted to the Company for review, however Beacon’s focus continues to be on commencing mining at Halleys East.

The Company confirms its commitment to continue to pursue other opportunities in the minerals sector in Australia and elsewhere.
